

# Adobe Creative Cloud

Continue learning and creating this summer.

Your temporary, at-home access to Adobe Creative Cloud desktop apps will be ending on July 6th, 2020. But don't worry, there are many apps with free experiences for you to continue building your skills in photo and video editing, graphic design, UI prototyping, and more.

## **Publish and share your work**

### [Adobe Portfolio](#)

To help recent graduates, Adobe is making Adobe Portfolio free for one year! Whether you want to showcase your work in a full portfolio website to share with potential employers, or create a single-page website, we've got you covered. Be the first to hear about the launch by signing up here.

### [Adobe Spark](#)

Easily create beautiful images, videos, and web pages that make you stand out to friends, professors, or future employers.

## **Create photos, videos, and prototypes**

### [Adobe Photoshop Lightroom](#)

Powered by the magic of Adobe Photoshop technology, Adobe Photoshop Lightroom for mobile lets you craft and share professional-quality images from your phone or tablet.

### [Adobe Premiere Rush](#)

Take pro-quality video on your mobile devices with built-in camera functionality. Edit with intuitive tools for audio, motion graphics, and more, and share from the app to social channels like YouTube, Facebook, and Instagram.

### [Adobe XD](#)

Create prototypes that bring your ideas to life. Learn how to design and build an elegant mobile app or website, one of the most in-demand skills by employers today.

## **Scan and easily interact with PDFs**

### [Adobe Acrobat Reader DC](#)

Read, annotate, collaborate on, sign, and work with your digital documents from anywhere with the leading, free PDF tool, Adobe Acrobat Reader.

### [Adobe Scan](#)

Easily capture and convert handwritten content and forms into high-quality Adobe PDFs. Share via email or upload scans to your GDrive with the free scanner in your pocket Adobe Scan.
